I will require that ALL wrestlers finish the season by attending the state tournament. Next season we will have state qualifiers back and that will help decide who goes. But for this season the wrestlers need to see what it is like to compete in a very important tournament win or lose. The experience is what we want.

Banquet to be determined. Banquet attendance is for all that finish the season (Kids State) unless discussed with Coach Byers.

Please note that the schedule can change depending on participation at any given tournament by the entire state. Should we need to go to a different tournament on any given weekend you will be notified.
